

35 square millimeter cable distribution box

Overview

Outdoor Cable Distribution Box DWF-35 is widely used in the power distribution network system in recent years in the cable engineering equipment, its main characteristics are two-way door, the use of butt bushing as the connection busbar, with the advantages of small length, clear. Outdoor Cable Distribution Box DWF-35 is widely used in the power distribution network system in recent years in the cable engineering equipment, its main characteristics are two-way door, the use of butt bushing as the connection busbar, with the advantages of small length, clear. Shenheng Power offers reliable DFW-10, DFW-24, and DFW-35 cable distribution boxes for power transmission. With 15+ years of R&D expertise and ISO-certified manufacturing, we deliver durable, grid-compliant solutions. The product range of enclosures and distribution boards includes service entrance boxes and pillars, small distribution pillars and standard cable distribution cabinets as well as low-voltage distribution boards. It has small length, clear cable arrangement, and three-core. ABB offers a total ev charging solution from compact, high quality AC wall boxes, reliable DC fast charging stations with robust connectivity, to innovative on-demand electric bus charging systems, we deploy infrastructure that meet the needs of the next generation of smarter mobility. Our Cable Distribution Box is pre-engineered for easy installation and operation.
