

400A Primary Distribution Box at the Construction Site

Overview

Solid rubber (construction) distribution box 400A suitable for construction and industry according to EN-61439-4. Protect, monitor and control electrical circuits, preventing harm to persons. Spend over £100 (ex. VAT) to qualify for free Next Day Delivery (applicable to UK mainland, exceptions may apply). Complete your order via the checkout and select 'Pay By Pro-Forma Invoice'. One of our team will be in. The Grande distribution cabinet is our largest solid rubber portable cabinet and has been specially designed by us for large-scale (construction) projects with high power outputs and maximum requirements for safety, capacity, and flexibility. It is assembled using the most modern quality materials. When reliable power is required, the Trystar Power Distribution Panel (100-400A) keeps the operation moving. From construction sites to disaster recovery efforts, it ensures your crew can work without interruption—no matter the conditions. 21% VAT and cover the following fixed costs: rental price and statutory premiums/surcharges.
