

Adjustable-width cable tray

Overview

The cable tray made of powder-coated steel is attached directly under the desk by simple screw mounting. Since the width can be variably adjusted between 1100 and 1700 mm, the cable routing can be easily adapted to desks of different sizes. Designed to fit any desk width, this innovative solution eliminates the need to measure accurately before purchase. Whether you have a compact 120 cm desk or a generous 200 cm. us-trations without notice. All illustrations, descriptions and technical information included in this document are provided as indications and can cable trays are equivalent. Register now and access more than 125,000 products You can refine your search by selecting different attributesConstructed from high-quality welded steel wire, Cablofil® Wire Mesh Cable Tray is the result of decades of research and over 94,000 miles of installed tray across the globe. From heavy power cable pathways on oil drilling platforms to data center cabling, explore the cable tray that's strong yet. □Expandable Cable Tray□The KDD under desk cable manager Adjustable design expands the basket width from 5. It keeps under desk cable tidy and accommodates a wide variety of cables, providing plenty of space for. ABB designs and manufactures cable tray systems, including perforated tray, cable ladder, channel tray and strut (metal framing), directly from production facilities in Canada and Saudi Arabia.
