

Cable trays in Malaysian factories

Overview

Malaysia's industrial landscape offers strategic hubs for sourcing cable tray manufacturers. Key manufacturing regions include Penang, Selangor, Johor, and Kedah, where infrastructure supports metal fabrication and electrical component production. At Array Metal, you will find everything you need, as we have a vast variety of products offered at competitive prices. Our commitment to quality and reliability has enabled us to establish a strong international. Our company manufactures high-quality hot dip galvanised (HDG) cable trays that meet the requirements of cable and electrical wire installations and conform to local and international standards of fabrication and finishing. Engineered for superior performance and durability, our cable trays provide an organized, secure, and efficient solution for managing complex wiring in any industrial or commercial setting.
