

Chad seeks to purchase optical fiber cable

Overview

Telecommunications companies Camtel, SudaChad Telecom, and Sudatel plan to build a fiber optic cable that will interconnect their respective countries: Cameroon, Chad, and Sudan. The Chadian government plans to install 1,200 km of optical fiber across the country as part of the Electronic Communications Infrastructure Modernisation Project. The project, baptized West to East Africa Network Access (WE-Africa-NA), will provide high-speed connection with speeds. 6Wresearch actively monitors the Chad Fibre Optic Cable Market and publishes its comprehensive annual report, highlighting emerging trends, growth drivers, revenue analysis, and forecast outlook. Our insights help businesses to make data-backed strategic decisions with ongoing market dynamics. Our. After an internet blackout in Chad in October 2024, caused by broken cables in Cameroon, Chad has intensified efforts to connect to a regional fiber-optic network. These connections are currently limited, as the country is only linked to Cameroon and Sudan. The European Union (EU) and the African Development Bank (AfDB) are pleased with the progress of the.
