

Dubai Fiber Optic Cable Project

Overview

The Dubai Electricity and Water Authority (DEWA) has completed the extension of 394km of fibre optic (FO) ducts in 2021 across different areas in Dubai. With the city pushing for ultra-fast internet and digital infrastructure, having the right fiber optic supplier is crucial for your projects. Whether you're a telecom provider, IT integrator, or a large enterprise. The United Arab Emirates (UAE) is a thriving hub for fiber optic cable manufacturing, offering advanced solutions to meet the region's growing demand for high-speed internet and reliable telecommunications infrastructure. As the first of its kind in the GCC, this pioneering product will deliver smarter, greener, and more resilient power solutions to support growing global. Supply, installation, testing & commissioning of fiber-optic cable at DEWA SZR-Hatta substations — enabling high-speed communications across Dubai's grid.
