

East Asia Armored Optical Cable Manufacturer

Overview

If you have further questions about any TFO products or would like to place an order with us, please leave us a message using the form below. Someone from our team will respond to your message as soon as possible. We look forward to fulfilling your requests.

Tight buffered fiber : Easy field termination. **Color-coded tight buffer :** Easy and quick identification. **Single-unit :** Space savings and cost advantage. **Sub-unit :** Improves organization and termination practice. **Available bend-insensitive single-mode and multi-mode fiber.** **Outer jacket :** Flexible, flame-retardant and color-coded. **Available in OM1, OM.** **Features:** **Dry block (semi-dry):** Easy preparation **Color-coded fibers:** Easy and quick identification **Ribbon:** Easy splicing and identification **Loose tube design:** Stable performance and compatibility with all common fiber type.

Armored cable Features: **Dry block (semi-dry):** Easy preparation **Color-coded fibers:** Easy and quick identification **Ribbon:** Easy splicing and identification **Loose tube design:** Stable performance and compatibility with all common fiber type.

Feature 1. Combination of optical fiber cable and power cable **2.** No need of separate installation saves the cost of deployment cost **3.** Environment-friendly Cable **4.** Excellent optical/electrical characteristic **5.** Stable mechanical/environmental characteristic **6.** Standard fiber account : 2~12Core.
