

Electric Well Cable Tray Channel Steel Support

Overview

Cantilever Arms, Angle Brackets, Beam Clamps, Channel Nuts & Fixings manufactured from high-quality galvanised steel, ideal for supporting cable trays, cable baskets and strut channel systems. OBO BETTERMANN has offered products and solutions for electrical installation for over 100 years. With our many years of experience, we are one of the leading manufacturers in this field. UNITECH's metal framing channel is cold formed on modern rolling machines from low carbon. To ensure that your channel tray installation will meet your present and future needs, a sequence of decisions must be made. These decisions are relatively simple and can be condensed down to four steps. Our cable trays are produced in fit for purpose materials like stainless steel, galvanized, aluminium and fibreglass (FRP/GRP) composites to suit any project type both offshore and onshore.
