

# End Face Inspection Instrument LC Adapter

## Overview

This product is an interface accessory specially designed for the EasyCheck series (EC400KC, EC200KC, EC80KC, EC400/200KC) End-face Inspector. You can choose appropriate accessories to replace the original interface according to your needs to achieve testing requirements in. Dimenu002sion Technology has launched a new FastCheck MT Fully Fiber Endface Inspector, which is designed for multi-core optical modules and high-density connectors. Relying on large-field imaging technology, the high-definition capture and intelligent analysis of all optical fiber end faces can. The INX 760 Inspection Probe provides automated fiber end-face inspection. Kit includes: Microscope, MPO & LC/SC bulkhead tips/adapters and more. This fiber optic end face inspection. For purchasing, use the RP Photonics Buyer's Guide for fiber endface inspection. It provides an expert-curated supplier directory, buyer-focused technical background information, and structured selection criteria to support professional procurement decisions. Ideal for field use, production lines, or lab.
