

Fiber optic distribution box splitter distributor

Overview

These compact FO splice distributors for TH35 mounting rails are ideal for use in industrial environments. High quality components ensure a secure and stable operation. You can find fiber splice boxes and. Fiber distribution box is suitable for the wiring connection of optical cable and optical communication equipment, through the adapter in the wiring box, the optical jumper leads the optical signal, and realizes the optical wiring function. The enclosed front panels allow the. FDB-16C Series 16 ports Fiber Distribution Box, also called Splitter Distribution Box or Fiber Terminal Box, can be used in FTTH projects and is suitable for corridor, basement, room, and building's outer walls application. It is widely used in MDUs (multi-dwelling units), commercial buildings, and villas, providing an efficient solution for last-mile fiber distribution.
