

Iceland AC to DC power supply 2U

Overview

The M9201 AC to DC power supply is a 2U High 19" rack mounted, Self contained Fan cooled, Three Phase Input, Single Output, high density, military grade ruggedized AC to DC converter capable of up to 3600W output power. Advantech offers 100W-1200W, 100-240V, AC to DC/DC to DC ATX and PS/2 power supplies, in Flex ATX, SFX, 1U, 2U form factors, adopting Japanese capacitors and long life dual ball bearing fans, and featuring high thermal resilience (full load working temp. under 50°C)! They are perfectly suited for. The five year warranty GENESYS™ 2U power supply series can deliver power ratings up to 5200W, the highest power density available in a 2U rack size. It offers voltages of up to 600V and currents of up to 600A. Multiple remote programming methods are available including built-in RS232 & RS485 and. ZIPPY is capable of producing small quantities of multiple sizes and changing specifications according to customers' needs, so as to meet customers' demands at any time. 97 typical at 115 VAC, 60Hz and full load. 1% or 10 mV, whichever is greater. Features Mini-redundant power supply suitable for 2 U /4 U and larger chassis Active PFC, full-range input Two independent AC inputs. The M9201-100 is a rugged, 48VDC/3. 6KW, high performance AC to DC Power Supply, designed for below-deck Naval Shipboard and Highreliability ndustrial applications.
