

# Install cable trays and cable racks

## Overview

Step-by-step on-site guide: learn how to plan, mark, support, and install cable trays correctly, from shop drawing approval to final checks. This publication is intended as a practical guide for the proper and safe\* installation of cable ladder systems, cable tray systems, channel support systems and associated supports. The Cable Tray system is installed in electrical rooms, plant rooms, and service corridors. A rung spacing of 6 to 9 inches (150 to 230 mm) is preferable when the cable tray is used for instrumentation and control applications that require. Welcome to our step-by-step guide on installing cable trays! In this video, we'll explore the different types of cable trays available and provide detailed instructions for their installation. Whether you're an experienced electrician or a DIY enthusiast, this video is perfect for you. This guide breaks down the process step by step.
