

Maldives Data Center Cold Aisle Construction Case

Overview

The Enclosure comprises of Precision cooling with hot and cold aisle containment, UPS with extended battery runtime, Fire suppression system (NOVEC 1230), Biometric access control, Environment monitoring, PDU's, Internal DB and IT racks with cable management. ng financial institution in Maldives. We are a full-service bank engaging across the complete spectrum of personal, SME and corporate financial services. Shariah compliant banking services are offered through our BML Islamic window. With over 290,000 customers, we are privileged to touch the lives. Ardmac have developed a range of Ground Supported (GS) and Ceiling Supported (CS) assemblies catering to an array of different modular and off-site construction industry requirements. Standardised solutions offer high performing scalable and modular HAC designs with established interfacing for. The maiden Integrated Modular Data Center in a resort was successfully deployed and commissioned at Anantara Kihavah Maldives. It reviews a case study of an electronics manufacturer that implemented these containment strategies to optimize cooling. Most trusted source for Tendering Opportunities and Business Intelligence since 2002 Global Tenders - World's most comprehensive and latest tender information. Invitation for Expression of Interest (EOI).
