

Outdoor integrated power supply low temperature resistant for emergency communication use

Overview

The extremely rugged AC/DC UPS solution in an IP65 housing ensures an uninterruptible DC power supply to 24V.

V loads in harsh industrial environments and outdoor applications, providing reliable protection against power failure, flicker, or voltage dips. The high-quality aluminium housing protects. Weatherproof UPS backup systems for emergency backup power. DC systems are available in 12, 24 and 48 volt. It is a reliable partner in emergencies, but is also perfect for temporary construction and assembly sites as well as operations in remote areas. If the mobile ELSPRO POWERSTATION is not needed for. Our outdoor telecom power supply is engineered to tackle the harshest field conditions, delivering uninterrupted, efficient power for 24/7 telecom stability.
