

Palau Explosion-proof Logging Optical Cable Manufacturer

Overview

Belau Submarine Cable Corporation (BSCC) was established as a state-owned enterprise (SOE) by RPPL 9-47 (BSCC Act) on 21st September 2015, to procure, operate, and manage a submarine fiber optic cable on behalf of the Government of Palau. The sole shareholder of BSCC is the Government of Palau, and. pan and United States Governments to construct Palau's second undersea cable. The submarine cable branch system will be a dedicated branch off the proposed ECHO cable network, which will pass within 200 kilometres of Palau, building on the bandwidth capacity a education, as well as opportunities. Belau Submarine Cable Corporation's project to develop a second international submarine cable for the tiny Pacific Island nation of Palau, PC2, grew out of a realisation that by mid-2018, traffic growth on the first cable (PC1, completed in December 2017) was already testing the limits of what. Tokyo, January 14, 2021 - NEC Corporation (NEC; TSE: 6701) announced today the signing of a contract with the National Submarine Cable Utility Belau Submarine Cable Corporation (BSCC) of the Palau Republic (Palau) for the Palau Cable 2 (PC2) optical submarine cable construction project. The map of the Submarine Cable system.
