

ST02 Interface

Overview

The ST01 and ST02 Host Adapters provide an 8-bit SCSI interface for the IBM PC XT AT (and all 100% compatible systems) and up to seven SCSI devices. Installation of more than two hard disc drives requires device driver software, which is not provided by Seagate. PC XT is a trademark of International Business Machines Corporation. You must supply the DOS system. Seagate Paired. SEAGATE TECHNOLOGY, INC. Nerd Rage specializes in providing free electronics recycling with pickup and drop off services. Estimated delivery dates - opens in a new window or tab include seller's handling time, origin ZIP Code, destination ZIP Code and time of acceptance and will depend on shipping service selected and receipt of cleared paymentcleared payment - opens in a new window or tab.
