

Single-port single-mode LC optical module 20km HTB

Overview

Optical SFP module ULTIMODE-203/5G LC cooperates with a single-mode fiber up to 20 km long, at data transmission speeds up to 1. ULTIMODE optical modules are compliant with SFP (Small Form-factor Pluggable) standard. Developed to adapt to even the harshest of environments, it has a wide operating temperature range and is Plug and Play (PnP) Scene This Series is widely used in various broadband data transmission scenarios. The new Intellinet Network Solutions Small Form Factor Pluggable (SFP) Transceiver provides the best combination of performance and affordability. This mini-GBIC (Gigabit Interface Converter) module provides a metal housing to reduce electromagnetic interference and increases durability. 25Gbps, and. This is a standard SFP optical module. This product need to use in pair and match up with fiber converter and optical Ethernet switch with SFP port, it can be used in Ethernet, telecom and.
