

# Socket panel with network port and fiber optic cable

## Overview

Engineered for seamless integration between indoor fiber optic cables and pigtails, this socket panel is compatible with SC, LC, and FC connectors. The 2 Ports Fiber Optic Socket Panel is a premium-quality solution designed for FTTH (Fiber to the Home) splicing and termination. It is ideal for. Optimize data center efficiency with our fiber adapter panel. Connection Type: LC Duplex, LC Simplex, SC Duplex & More. Adapter Color: Blue, Aqua, APC. The 2 port fiber wall outlet box is used as termination point to interconnect incoming cable with optical network unit device in FTTH, FTTB applications. Engineered for reliability and ease of use, these indoor optical faceplates provide secure fiber management and seamless connectivity for residential and commercial broadband deployments. And it's widely used in family and work places.
